Fire Systems

Important Permit Considerations

- All new home projects are required to have a fire sprinkler system. Builders are required to include a letter of contract or a copy of your contract with new home plan submissions.
- A permit is required from the City of Bunker Hill Village prior to beginning your project.
- Plans must be submitted to the Village Fire Department for review and approval in order to obtain a permit. Fire department offices are located 901 Corbindale Road, Houston, Texas 77024. Telephone numbers are 713-468-7941 and Fax 713-468-5039.
- Fire system water requirements typically dictate water meter size. Please provide this information to your builder.
- A permit is NOT required for the installation of alarm systems.
- All inspections will be performed by the Village Fire Department. Please contact the fire department to determine when inspections are necessary and to schedule your inspections.

Required for Approval

Contractor Registration

Company Name: _____

Contact Person: _____

Mailing Address: _____

City _____ State: _____ Zip: _____

Office Telephone: _____ Fax: _____
